

Block Building and Drawing

Materials you need:

- Building Blocks (wooden or LEGO)
- Paper
- Pencils

Setup for play:

- Encourage your child to use their imagination and engage in block building, let them run wild and build as small or big as they wish.
- When your child has finished their creation, offer them a piece of paper and a pencil to record what their interpretation of what they have built.

What are we learning with this activity?

As the children build, create, develop and record they are learning about:

- Exploring one's imagination and creativity
- Strengthening hand eye coordination
- Enhancing drawing skills
- Feeling a sense of pride when reflecting on their work
- Strengthening Numeracy skills – Including shape recognition
- Further developing observational skills
